This charming log home has a mountain feel but is just outside of town. This home is double walled and insulated with 14' ceilings. 5 piece master bathroom has recently been redone featuring a hammered copper tub and open river rock stand-in shower. Bonus room in basement has been used as a bedroom (non-conforming). Huge deck with great views, hot tub for cozy evenings. Newer appliances in kitchen and washer/dryer. Security system is installed and new instant hot water system. Great mountain living and minutes to Denver.

This home is a Pan Abode Cedar home: <https://www.panabodehomes.com/page/home>
