Located in the desirable Summerwood Subdivision, this gorgeous 3 bedroom Colonial has been thoroughly updated and meticulously maintained from top to bottom. The main floor is ripe with premium upgrades, including a custom-designed kitchen featuring Kraft-Maid solid cherry cabinetry, distressed cherry hardwood flooring, granite countertops, Hinckley lighting and newer appliances. With hardwood flooring in the entryways, the main floor is also home to a beautiful half-bath, an updated laundry room, a private office, a spacious dining room, a large sunroom opening to the private Trek patio, and a Great Room with a gas burning fireplace. The Master Suite, also located on the main floor, features an en-suite full bathroom with a Jacuzzi tub, ceramic shower, Kohler fixtures, and a large walk-in closet. The two large bedrooms are separated by a unique Jack and Jill style bathroom, featuring granite countertops and custom cabinetry. The lower level of this home has been partially finished and includes an additional 4th bedroom, a half bath and an extra large room that could be finished. Outside, the landscaping was completely redone in 2013, the driveway was sealed in 2015, and LED lighting was installed in 2015. Other features of this incredible home include an attached two car garage, a sprinkler system, a central-vac system, Pella windows with built-in shades, and a tankless water heater.
