If you're starting to feel like the old lady who lives in a shoe, this may be the house for you! Nestled back the appropriately named Meander Road, sits this large 5 bedroom home on 1 acre. You'll love the magical, fairy-tale like feel to this mature wooded lot where deer visit daily. Everyone will enjoy spending time outdoors playing in the pool with slide or relaxing on the huge covered deck. There is even a small, seasonal stream that flows along the west side of the property. Completely updated in 2017, the home boasts a large family room with wood burning stove & adjacent library. The beautiful living room also has a fireplace, original hardwood floors & great bay window with seating! The modern kitchen is a dream with white shaker style cabinets, butcher block counters & new appliances. Tons of storage with original built-in cabinets, large laundry room, & mud room too.
