Look no further than this sweet open concept, ranch style home! You'll adore the generous sized bedrooms featuring a large master suite with walk-in closet and 5 piece bath. The home chef will appreciate all the counter space in the beautiful kitchen and will be in awe at the huge pantry area in the adjacent laundry room. This beautiful home sits on a great corner lot with large trees and pretty landscaping, while still having minimal upkeep. The sizable 2 car garage has a built in workbench and additional wall cabinets too. Additional parking area for a small RV, trailer, or some toys. You will stay cool all summer with the refrigerated AC and enjoy snuggling up to the gas log fireplace in the winter.
