Over 6000 sq of living space beautifully renovated over the past 20 years.

"We have turned Sycamore Run into a wonderful, comfortable, welcoming home to raise our children in the most beautiful valley in Maryland. Our home is very private, yet very open. We rarely have small intimate dinners with friends, preferring to host large gatherings where our guests can wander in and out, upstairs and down, enjoying all the house has to offer. I loved living here, sharing the bucolic setting with family and friends, and creating memories that will last a lifetime."
