## Calle Principal Guanacaste CR 50305

Costa Rica has been on the fore-front of eco-tourism for more than two decades and continues to push the envelope of bio-diversity and ecological conservation. But given the incredible success and long-standing popularity of Costa Rica, how do you find real value in such a powerful, mature market of tourism?

This succesful is a long standing, stable, and profitable tour company with over 16 years of business in the Costa Rica community. The business comes with a large inventory and all the intangibles that make a successful business. A The seller will remain in the area and available to help transition the business for 30 days if desired.A

Due to the length of time that this businessA has been in business there are tax, expense, and other financial savings that can provide the new owner a greater return on their investment. And with the continued growth of tourism and retirement communities in Costa Rica, the businessA is poised for continued success and outstanding growth.
